

Birthday parties are celebrated in the Art Lab and include an art-making experience for the children. Our current art-making offering is Screen Printing. In our Screen Printing Party, children will look at artwork in our collection, including Andy Warhol's Speed Skater, which highlights the printing process, color mixing, and composition. We print in the three primary colors: red, yellow, and blue. Each child will create a custom design for a completely unique artwork. Our qualified education team provides two staff members to lead the party and art-making experience.
