Summer 2027

CREATE CAMPS

Create Camps introduce a mix of materials and concepts, evoking curiosity, while encouraging creativity and self-expression!

Learn from Artists!

Our Teaching Artists are experienced artists, designers, and educators! Teaching Artists connect processes and concepts behind artwork in the museum with age appropriate projects and techniques.

Look at Artwork in the Museum!

Campers spend lots of time looking at and learning about contemporary art. Each project is inspired by artworks they can see and interact with in the museum. We use these as a jumping off point to create and design!

Create Camps teach kids how to look at, talk about, and create art!

2027 create camps

	Entering Grades 1-2	Entering Grades 3-4	Entering Grades 5-7
